

BERRY BARN

 FARM AND GARDEN MARKET

***IMPORTANT:** Ripening dates are approximate and can vary depending upon the weather and picking conditions. Please check our U-pick Availability page on our website for up-to-date picking information and/or call us for more details.

STRAWBERRIES	Ripens	Variety Information
Hood	June 1	Large glossy red berry with fine, sweet flavor. Excellent for preserves and jams.
Benton	June 5	Late season variety that has great flavor and sweetness if color is allowed to deepen.
Shuksan	June 5	Large, bright red berry with medium firm flesh and great flavor. Excellent for fresh eating.

RASPBERRIES	Ripens	Variety Information
Cascade Dawn	June 10	Early season, flavorful red berry. Fine texture makes it perfect for fresh eating and desserts.
Willamette	June 15	Dark red berry, slightly tart, excellent for jam. An old-fashioned favorite. Perishable.
Saanich	June 20	Glossy, large red berries with excellent flavor. Can be used for processing or fresh eating.
Meeker	June 20	Medium red, slightly firm berries with good quality flavor. Fresh eating, freezing, canning.
Cascade Delight	June 25	Large, flavorful mid-season berry. Best for fresh eating or fresh desserts. Easy to pick.
Tulameen	June 25	Large, light red, aromatic berries with wonderful flavor. Late ripening variety.

FALL RASPBERRIES	Ripens	Variety Information
Anne (golden)	Aug 15	Pale yellow, flavorful berry with a hint of apricot flavor. Very unique. Avail Aug-Oct.
Autumn Britten	Aug 1	Earliest ripening everbearing variety. Large, red, flavorful fruit of excellent quality.
Chinook	Sept 1	Red fall-ripening variety. Good flavor, sweet, with a balanced tartness. Avail Sept-Oct.

BLACKBERRIES	Ripens	Variety Information
Silvan	June 21	A cross between Marion & Boysenberry, with Marion flavor, but earlier ripening date.
Kotata	July 1	Looks like marion, but with firm, sweet-tart blackberry flavor. Excellent for jam and pie.
Marionberry	July 1	An Oregon original. Blackberry with rich, distinctive flavor. Excellent for jam and pie.
Boysenberry	July 1	Very large, soft, juicy berry with distinctive, tangy flavor and very aromatic.
Triple Crown	July 21	Large, flavorful, thornless blackberry with sweet-tart flavor. Makes great milkshakes!

OTHER BERRIES	Ripens	Variety Information
Loganberry	June 20	Natural cross of rasp & blackberry. Conical, highly flavored acidic berry, best for jam.
Tayberry	June 25	Cross of rasp and blackberry, from Scotland. Long, dark, red berry with unique flavor.
Currant (Red & Black)	June 25	High in antioxidants and Vitamin C. Sweet, tart flavor, used in jellies, syrup, sauces, liquers.
Gooseberry	June 25	Large, smooth-skinned green berries turn reddish when ripe. Used for pie, jam, tea, wine.

BLUEBERRIES	Ripens	Variety Information
Duke	July 1	Med-large, firm, light blue berry with a mildly tart flavor. Stays fresh longer than most.
Bluecrop	July 15	Large, flavorful, light blue fruit good for fresh eating, baking, preserving and freezing.
Jersey	July 25	Dark blue, very sweet berry. A favorite for baking.
